A project is

a plan, an idea you want to realise. You dream about a silver screen movie night or a book group on your favourite subject, for example? You would like to set up a get-together in your neighbourhood, have a workshop, organise a night-time city walk, ...?

Then participate in the project workshop!

In the project workshop you will

- apply methods to develop a project from your hobbies, wishes and concerns
- get informations on how to plan projects
- find a network for your project in Jena
- have opportunities to talk about your ideas
- meet people from different countries
- find potential partners to start your project with

You would like to sign up? You require further information? Please refer to
